Report of YUKTI-NIR Portal Registration Training Session

A training session on YUKTI-NIR Portal Registration was conducted on 11th March 2026 to familiarize students with the process of registering and uploading innovative ideas, projects, and startup initiatives on the YUKTI portal. The session was attended by hundred plus students and highlighted the importance of documenting innovations and utilizing the platform for national-level recognition and support.

The resource person Dr. Arun Ratn demonstrated the registration procedure, profile creation, project submission process, and the various categories available on the portal. Students actively engaged in the session and clarified their queries through an interactive discussion.

The training successfully enhanced awareness about the YUKTI-NIR Portal and encouraged the students to contribute their innovative projects and entrepreneurial activities to the national innovation repository.
